

I am writing on behalf of our KLOVE radio station which broadcasts on an FM translator. K-LOVE ministers to me and my family and my community and provides commercial free music. I love this station. I would not listen to the radio if we weren't able to get our K-LOVE station any more. My community would not have the life saving encouraging music that literally changes peoples lives every day. Many people come to know the Lord by listening to K-LOVE. Many people are saved from committing suicide from listening to K-LOVE. K-LOVE is a wonderful outreach to my community. We don't have to worry about what our children are listening to, because it is a commercial free, encouraging MORAL & LOVING station. Please do not let LPFM stations take priority over current FM translator service. Our community and communities around the US depend on the current system. Please do NOT mess with it!
